Sustainable, Modern Agriculture

Future Agri and Foods Private Limited are pioneers of organic farm products, agro-commodities and the next generation of sustainable agriculture. We produce, process and export authentic organic farm products from India to the world.

We source directly from a network of over 20,000 organic farmers in India, and supply importers and food manufacturers with organic spices and herbs, pulses, grains, flours, oilseeds, oils, nuts and starches.

Our success rests on the quality of our products, backed by our certifications: India Organic (NPOP), EU Organic, USDA Organic and FSSAI, and our registration with APEDA.

Why work with us

Direct Farmer Sourcing

Sourced from a network of over 20,000 organic farmers in India.

Batch Traceability Assured

Every batch can be traced back to its farmer group.

4-Stage Quality Assured

Checks at the farm gate, on arrival, during processing and before shipment.

Bulk Supply

We supply in bulk packing for importers and food manufacturers.

“ *The most powerful way to eradicate hunger is by putting your time, efforts and investment in the right form of agriculture.* ”

DIRECTOR, FUTURE AGRI & FOODS PVT. LTD.

QUALITY ASSURANCE

Rigorous 4-Stage Quality Assurance

Quality is our top priority. Every product passes a 4-stage quality process, from the farm gate to dispatch.

01

FARM GATE

Testing of Raw Material at Farm Gate

Raw material is inspected at the farm gate and checked against the grower group's organic certification before it is collected.

02

FACILITY ARRIVAL

Testing of Raw Material on Arrival

Incoming material is sampled on arrival at our facility for moisture, purity and foreign matter before it goes into storage.

03

PROCESSING

On-Line Checks During Processing

Cleaning, grading, cutting and milling are monitored throughout processing for uniform size, physical purity and hygiene.

04

DISPATCH

Pre-Shipment Testing

Finished goods are checked before dispatch and shipped with copies of our organic certificates.

ACCREDITATION & COMPLIANCE
